Instructions

Using your Visio diagrams, build your network. What you build should match the Visio diagram.

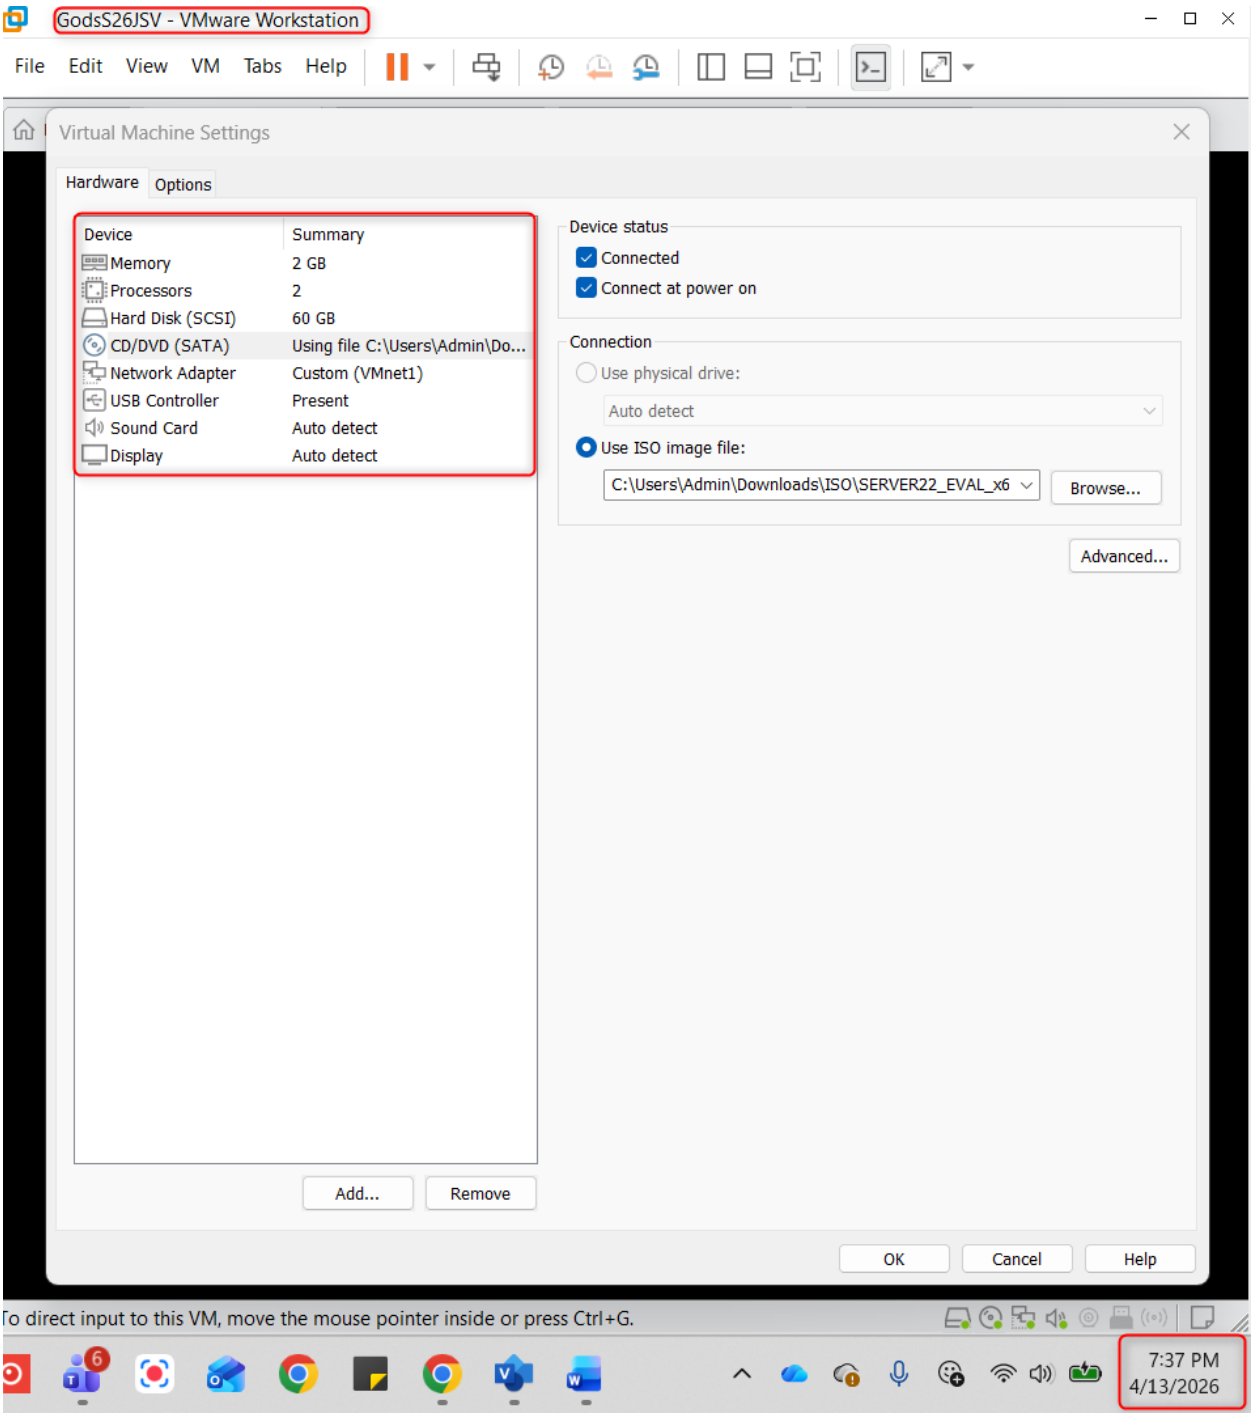
Goal: Using your Visio diagrams, build your network. What you build should match the Visio diagram. Review any notes in previous assignments from your professor so you make this accurate.

As proof, provide a screenshot that includes the date/time of the following:

1. Local Server properties for all three servers (making sure I can see the computer name, domain, and IP address for all machines, plus a list of roles on the left side).
2. Hardware Settings of all machines (3 servers, 1 client).
3. Users, groups and OU's.
4. System Information for the Windows 10 Client.
5. DHCP Scope.
6. DHCP Management Console showing the Windows 10 Client pulling an address.
7. Show the shared folders.
8. Screenshot(s) showing the folder redirect for the home folder.

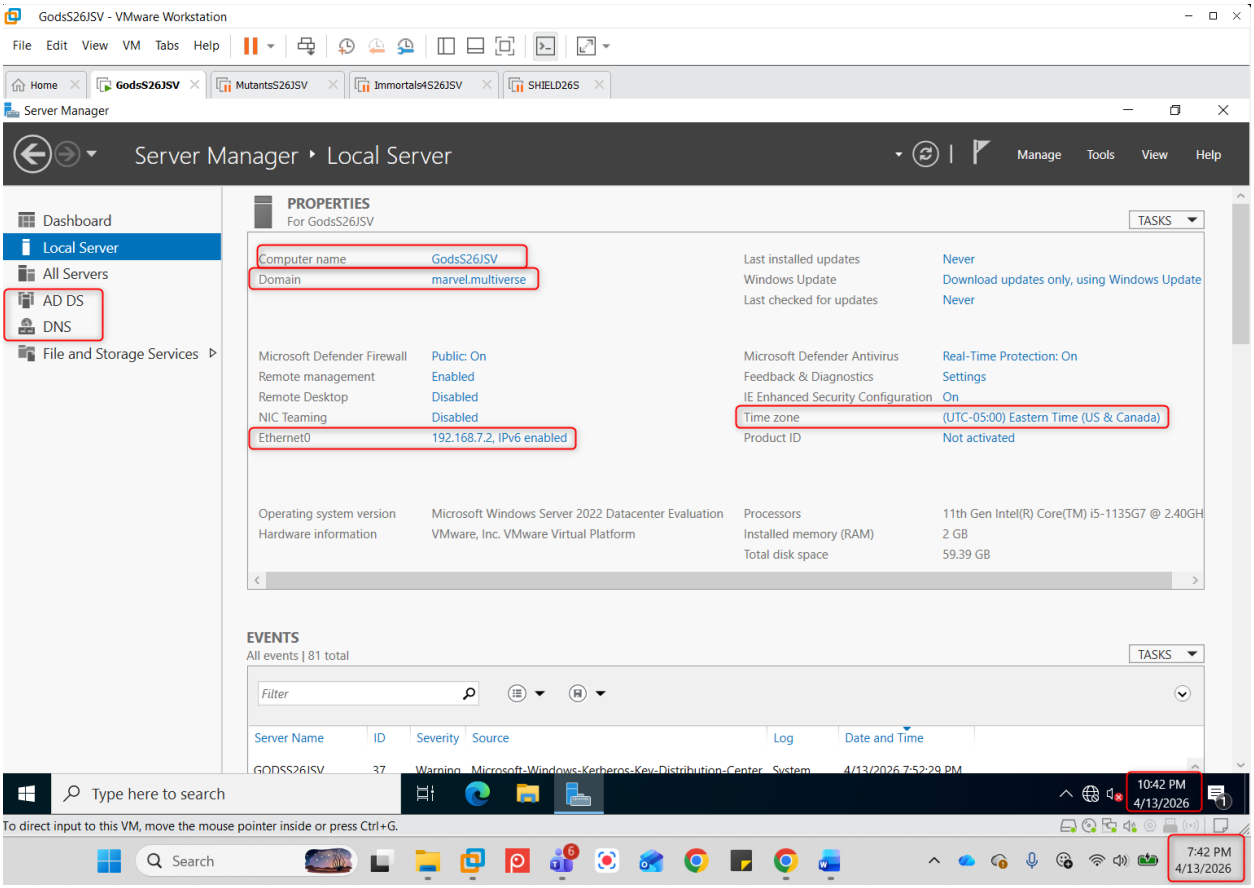
Server 1 Hardware

Screenshot of the VMware hardware settings from Server 1.



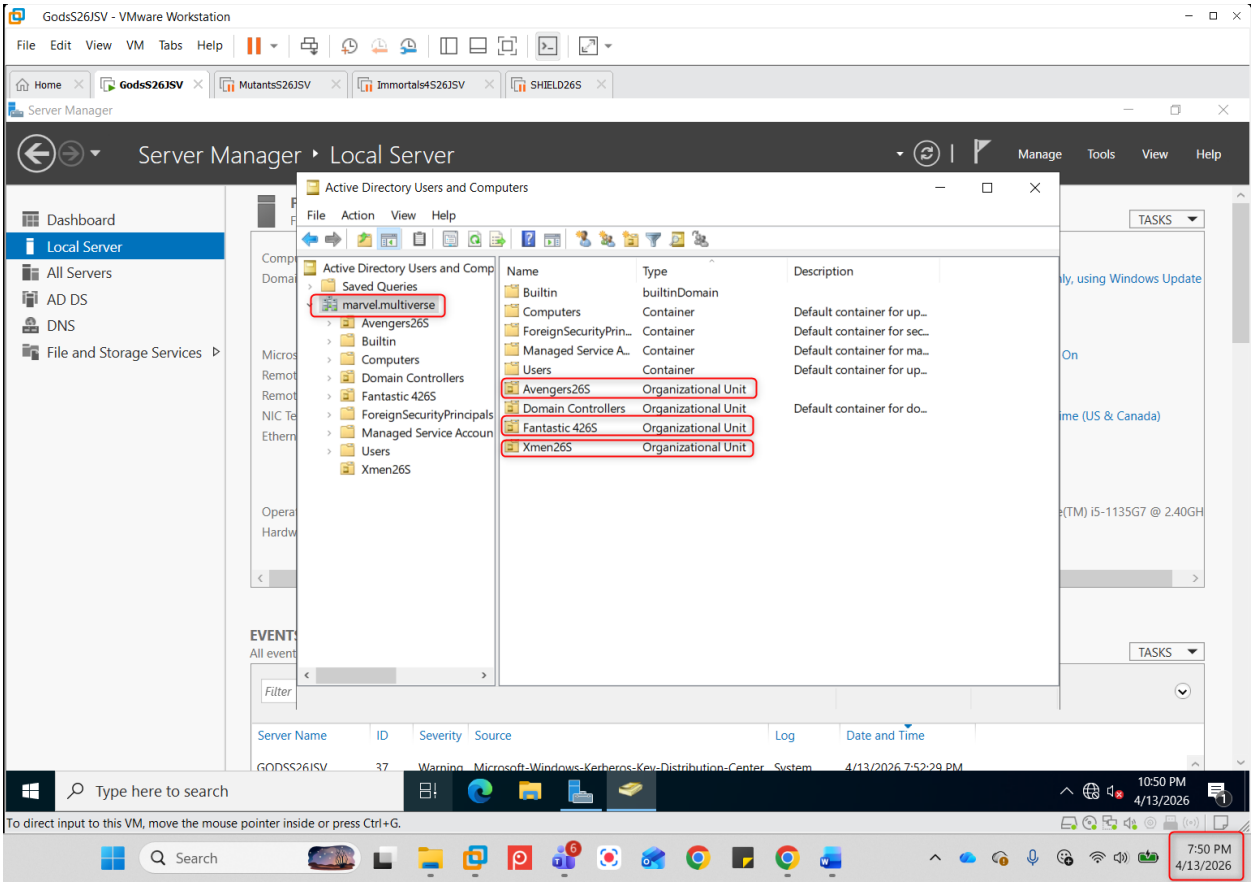
Server 1 Configuration

Screenshots of the Local Server screen from Server 1.



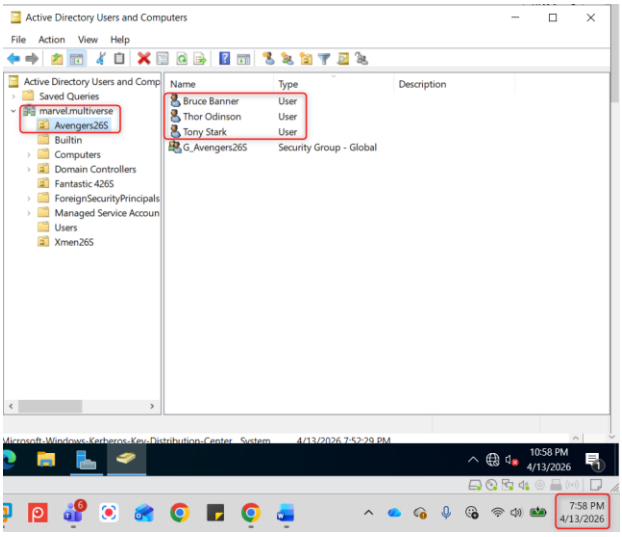
Organizational Units

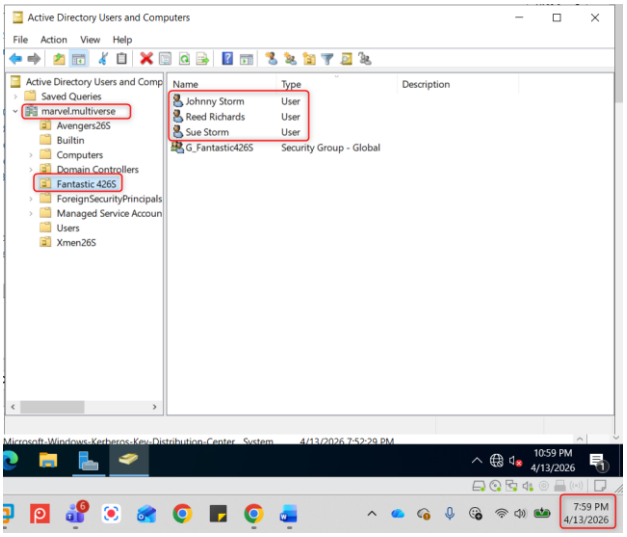
Screenshot of the Ous.

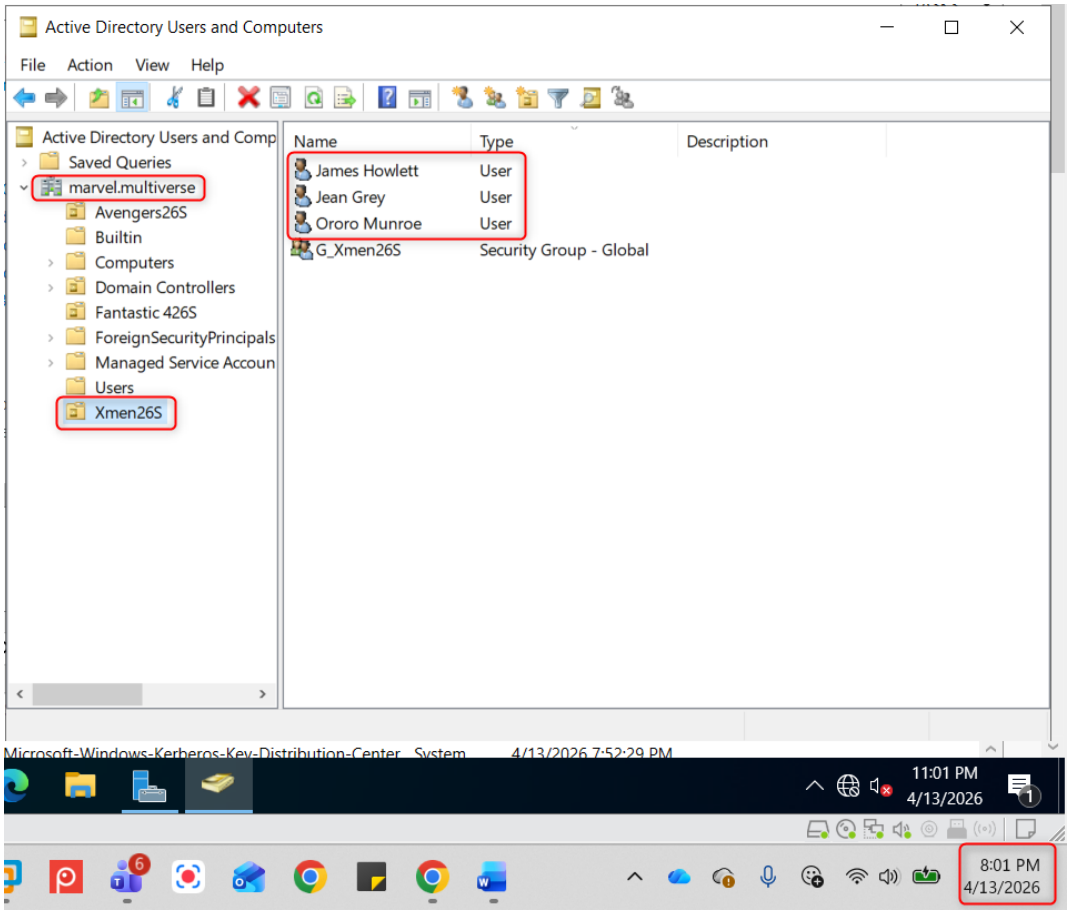


Users

Screenshot of the Users. (Avengers26S, Xmen26S, Fantastic 426S)

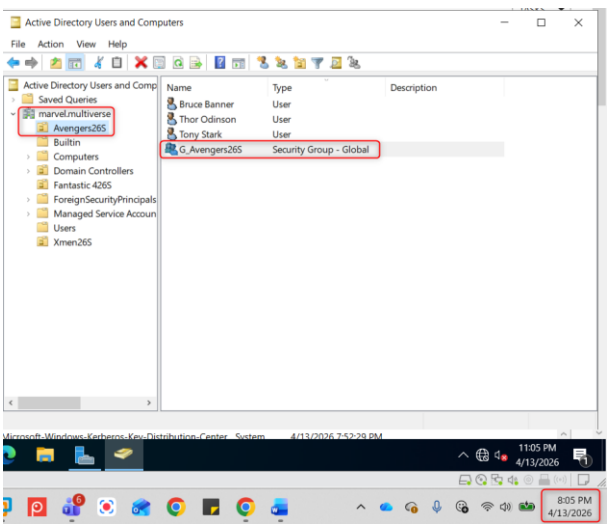


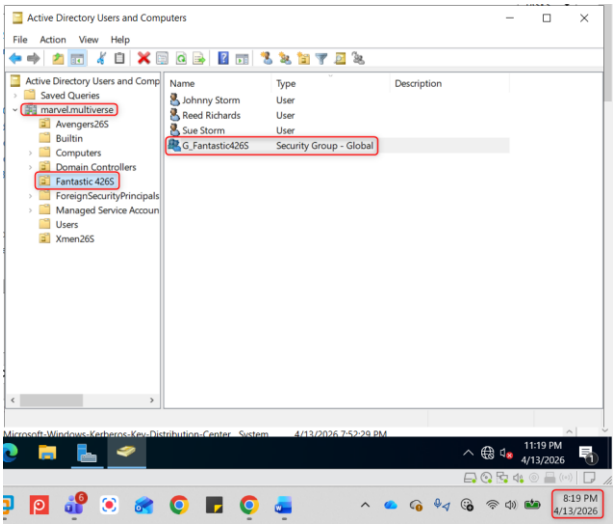


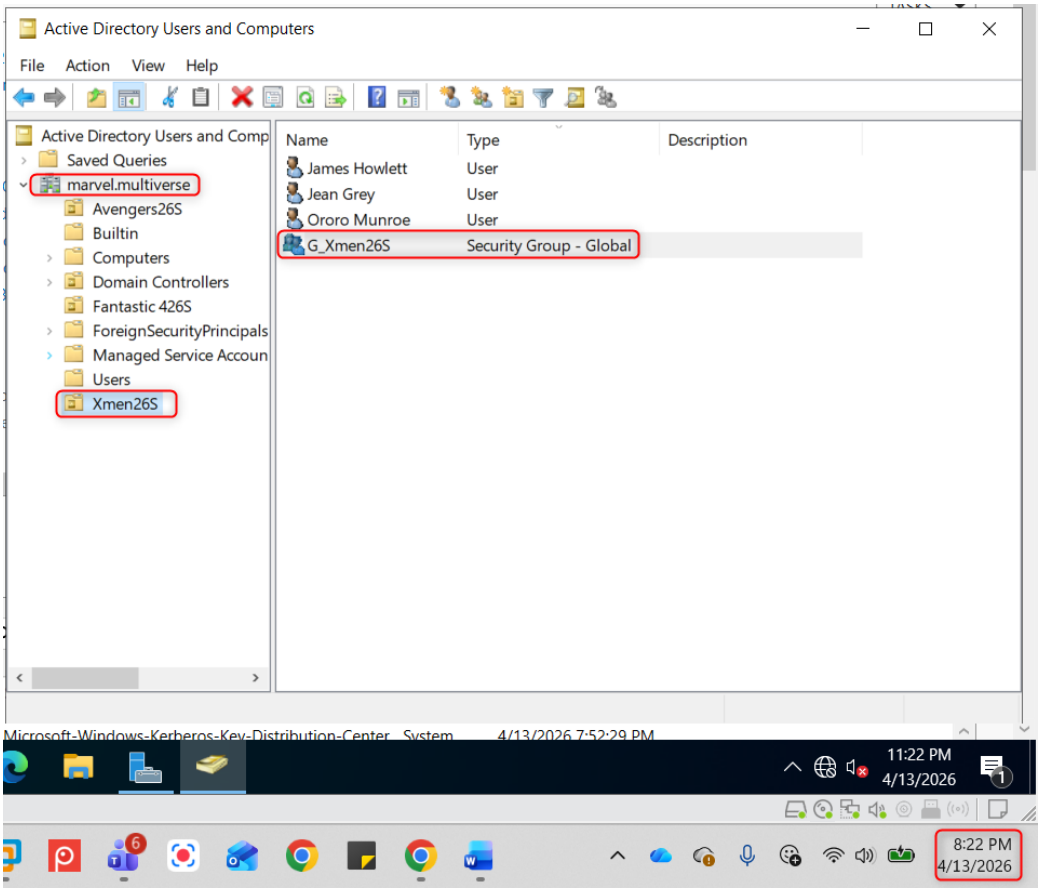


Groups

Screenshot of the Groups. (G_Xmen26S, G_Avengers26S, G_Fantastic426S)

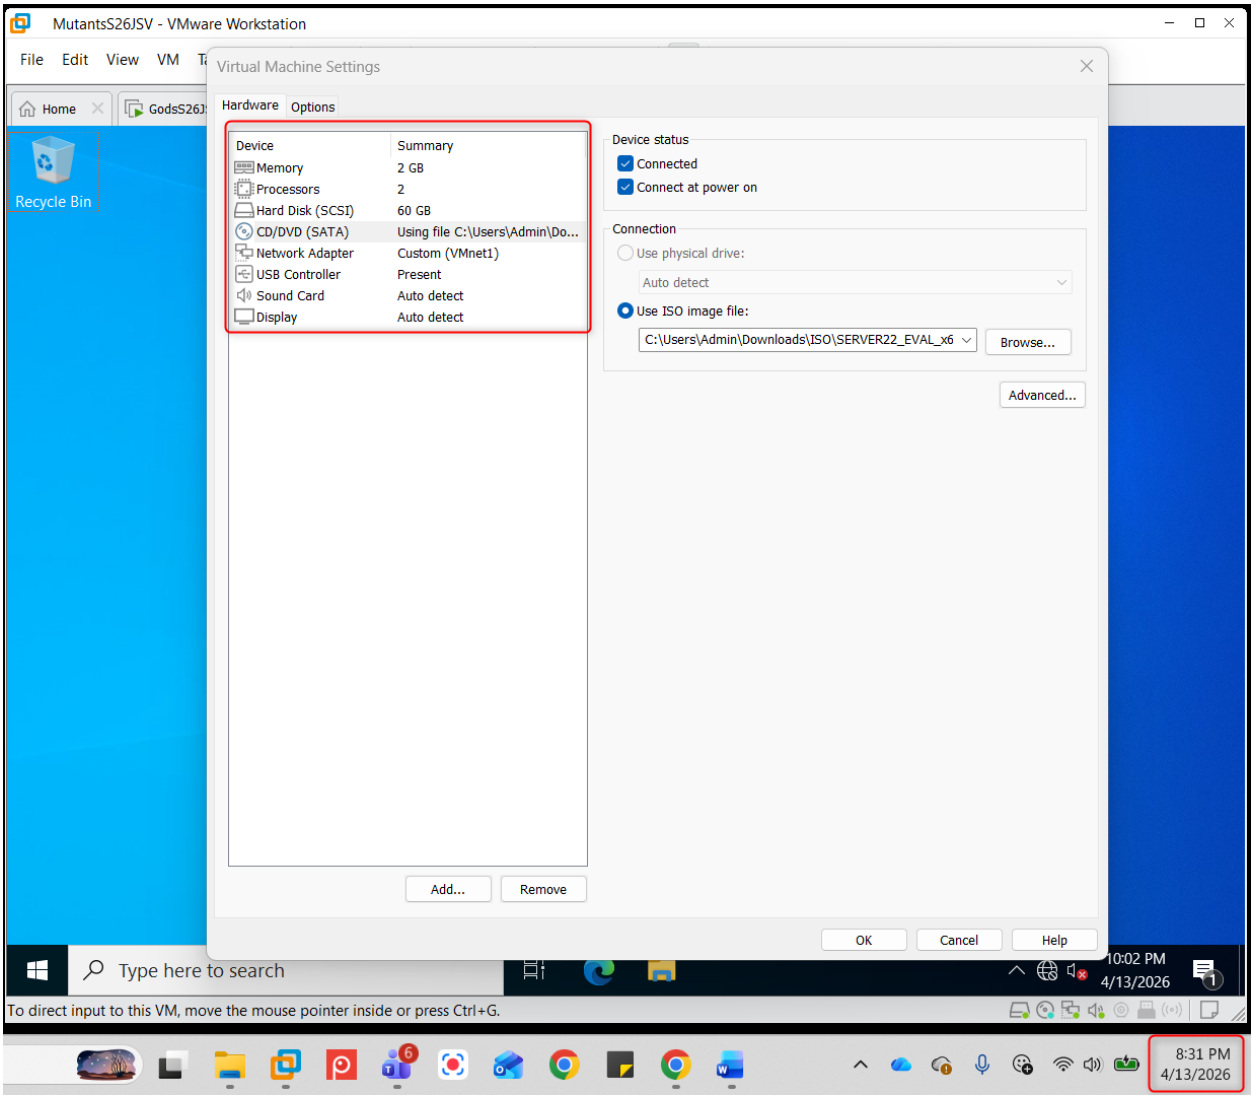






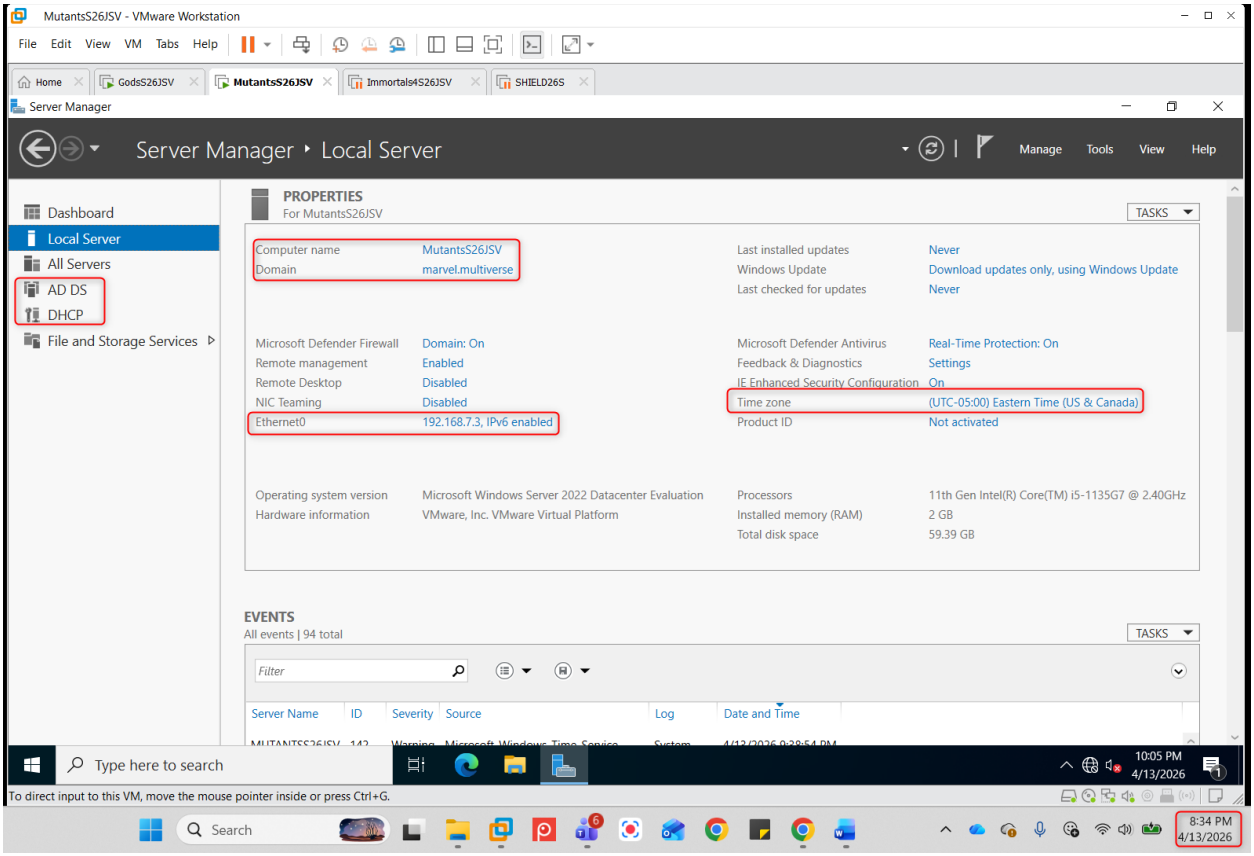
Server 2 Hardware

Screenshot of the VMware hardware settings from Server 2.



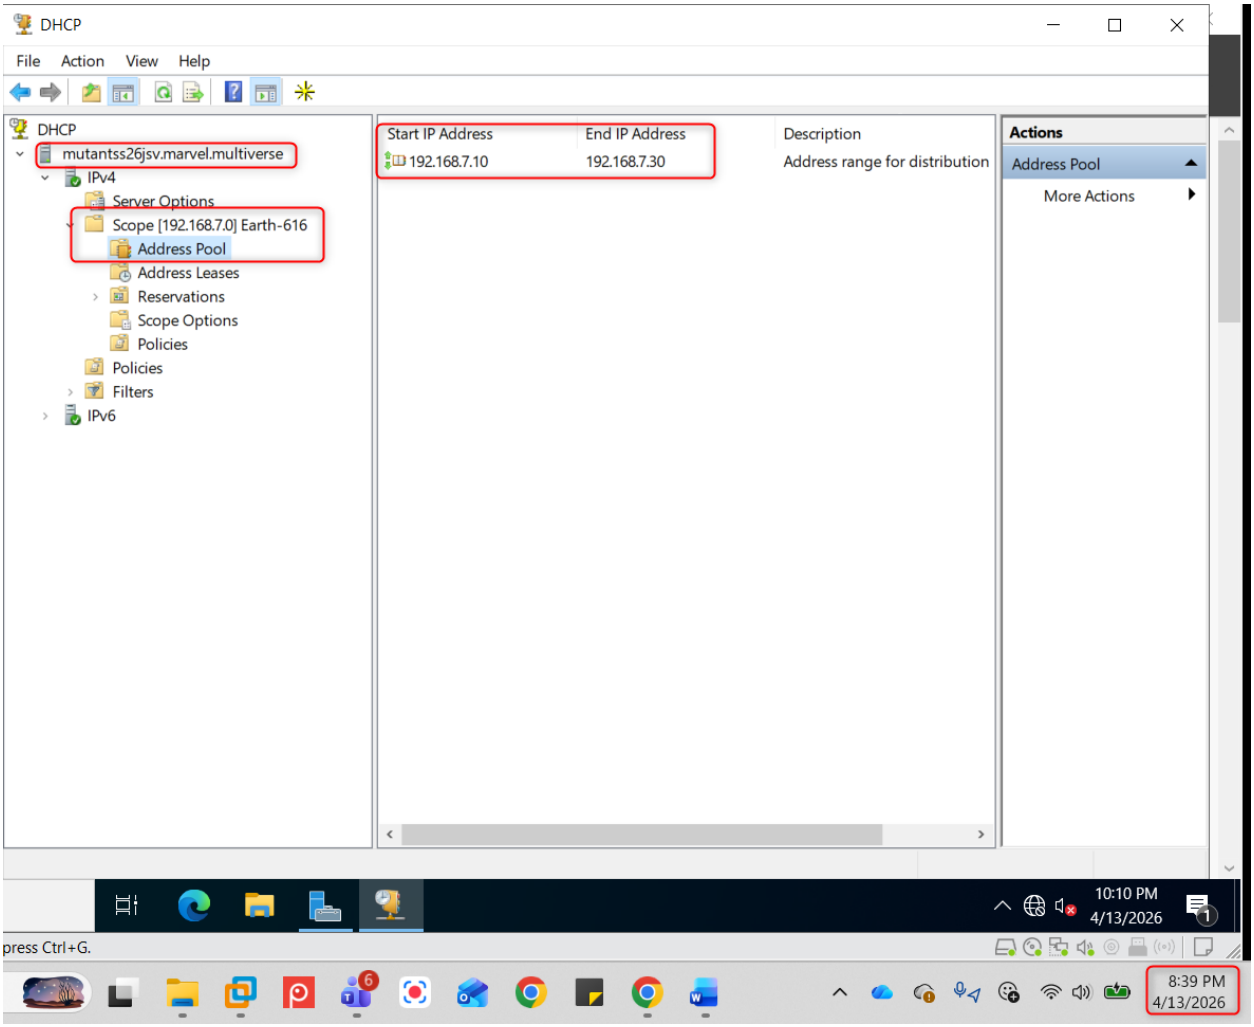
Server 2 Configuration

Screenshots of the Local Server screen from Server 2.



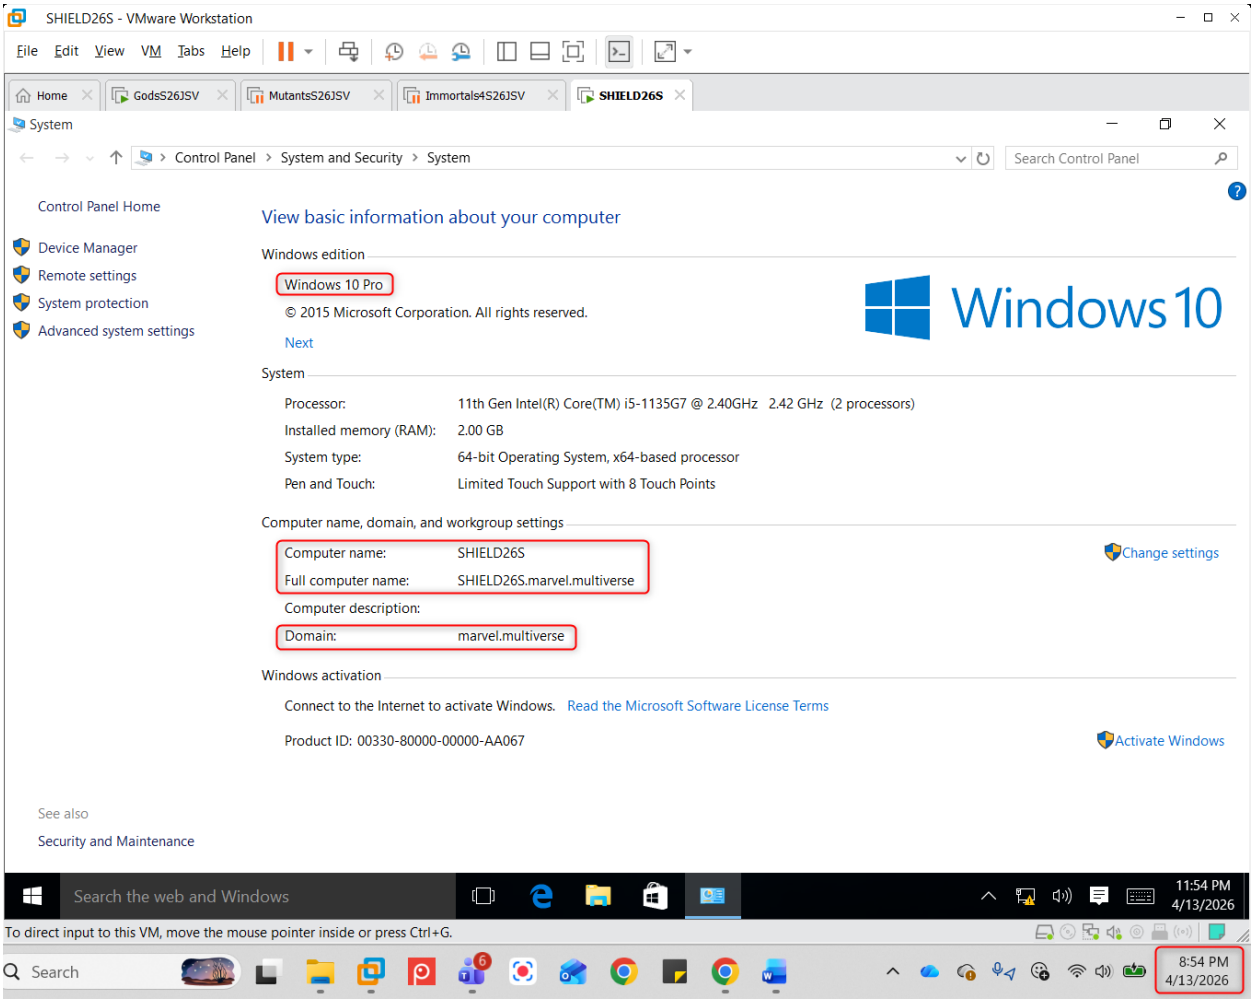
DHCP Configuration

Screenshot of the DHCP Scope configured on Server 2.



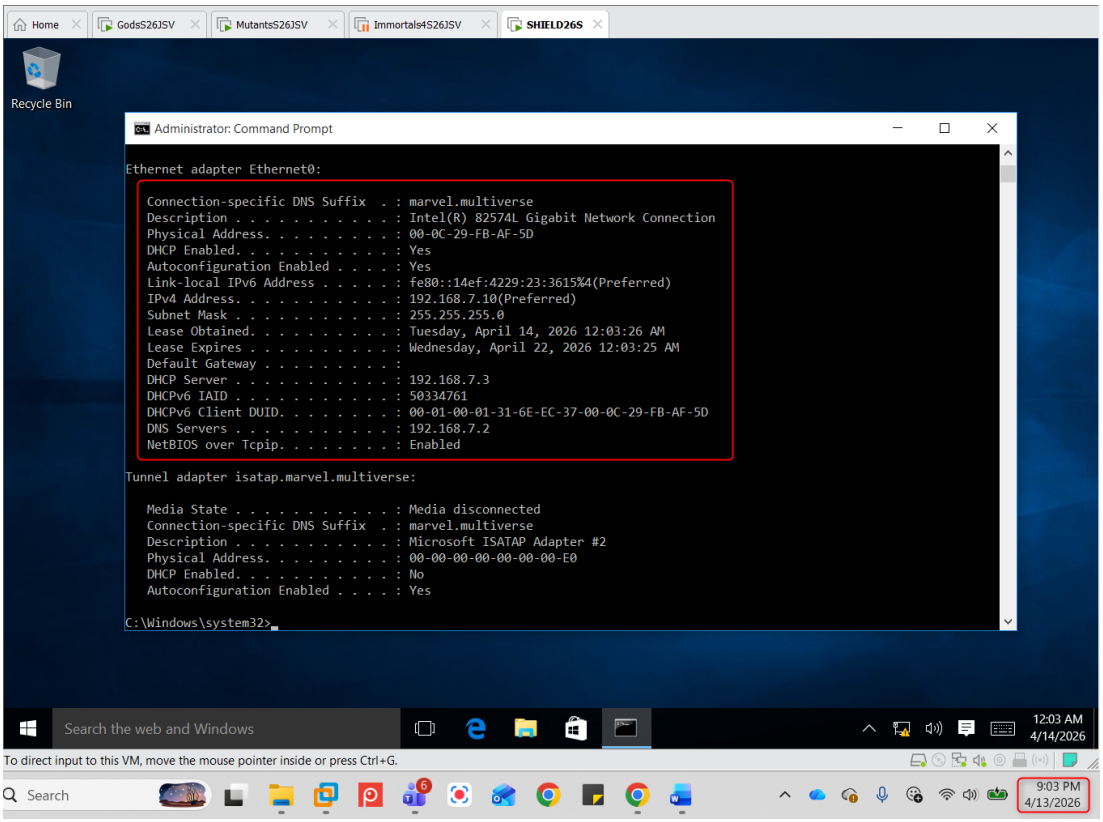
Windows 10 Machine

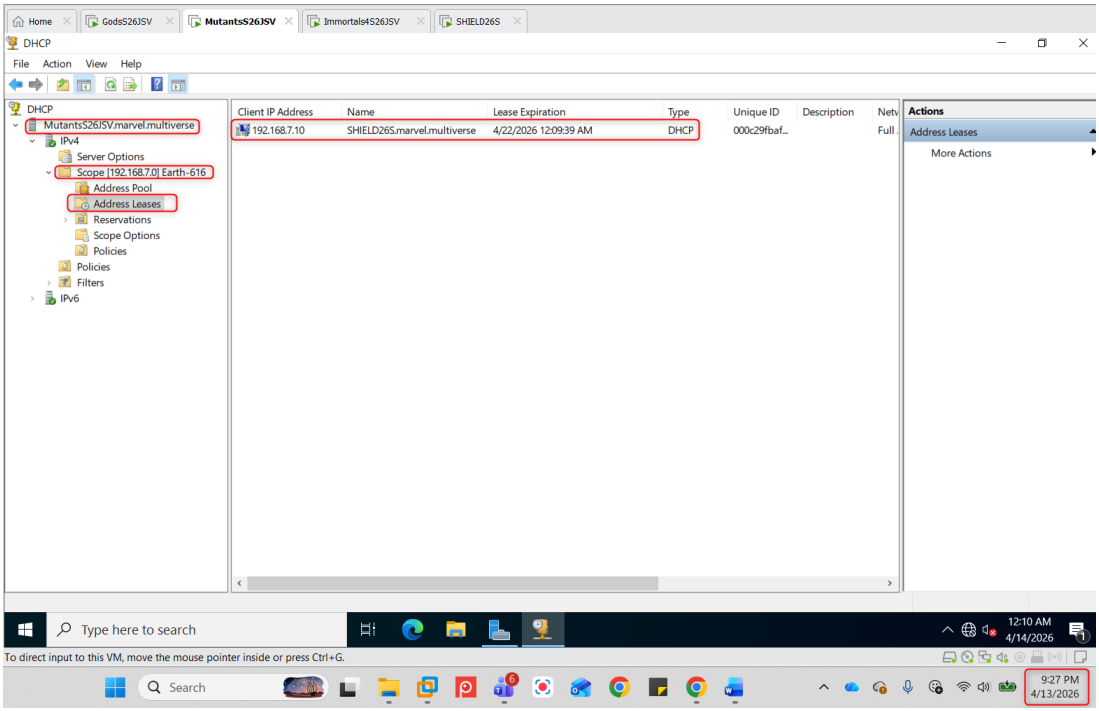
Screenshot of the "System" window from your Windows 10 Machine.



Windows 10 DHCP

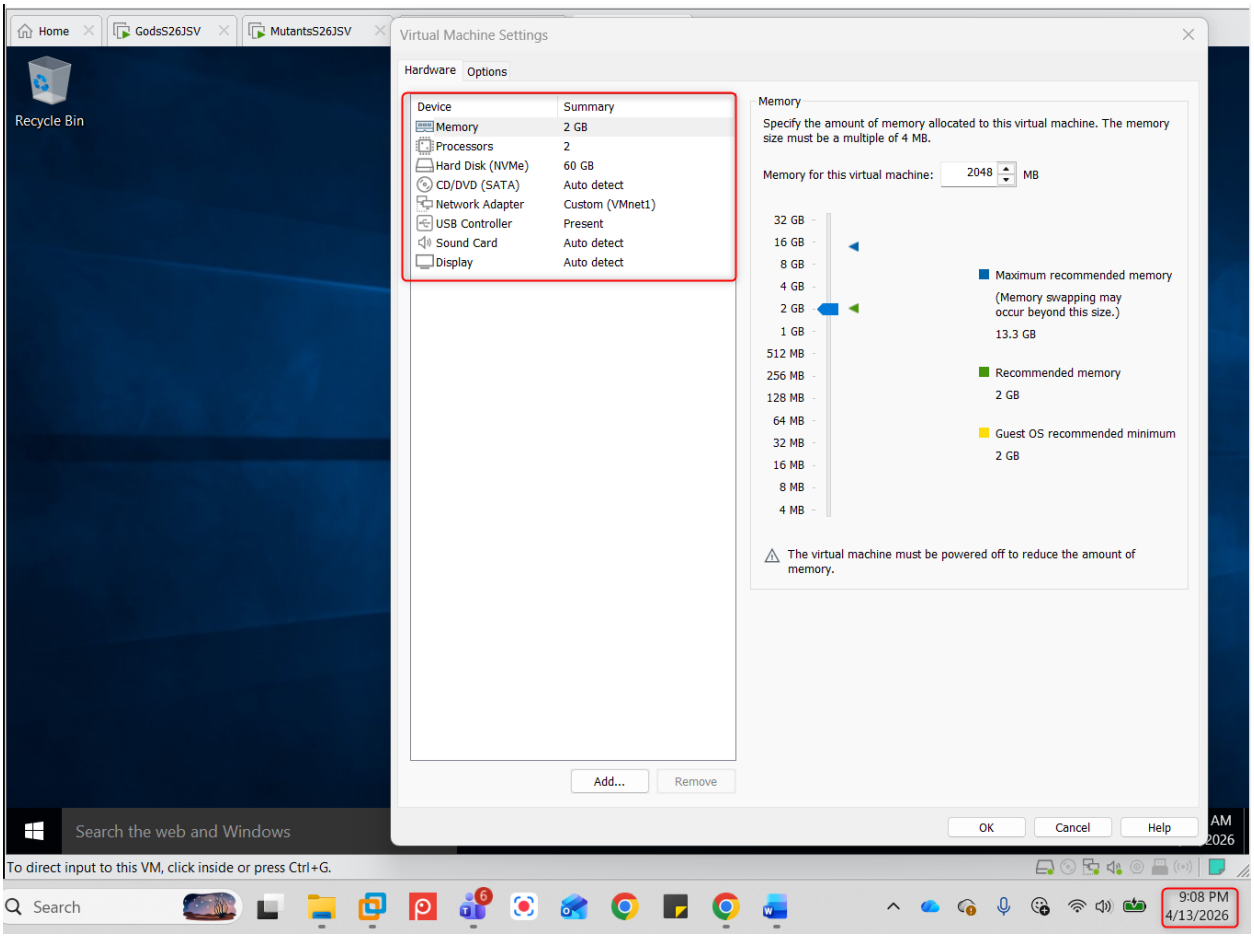
Screenshot showing the Windows 10 DHCP configured and pulling an IP from the scope created on Server 2.





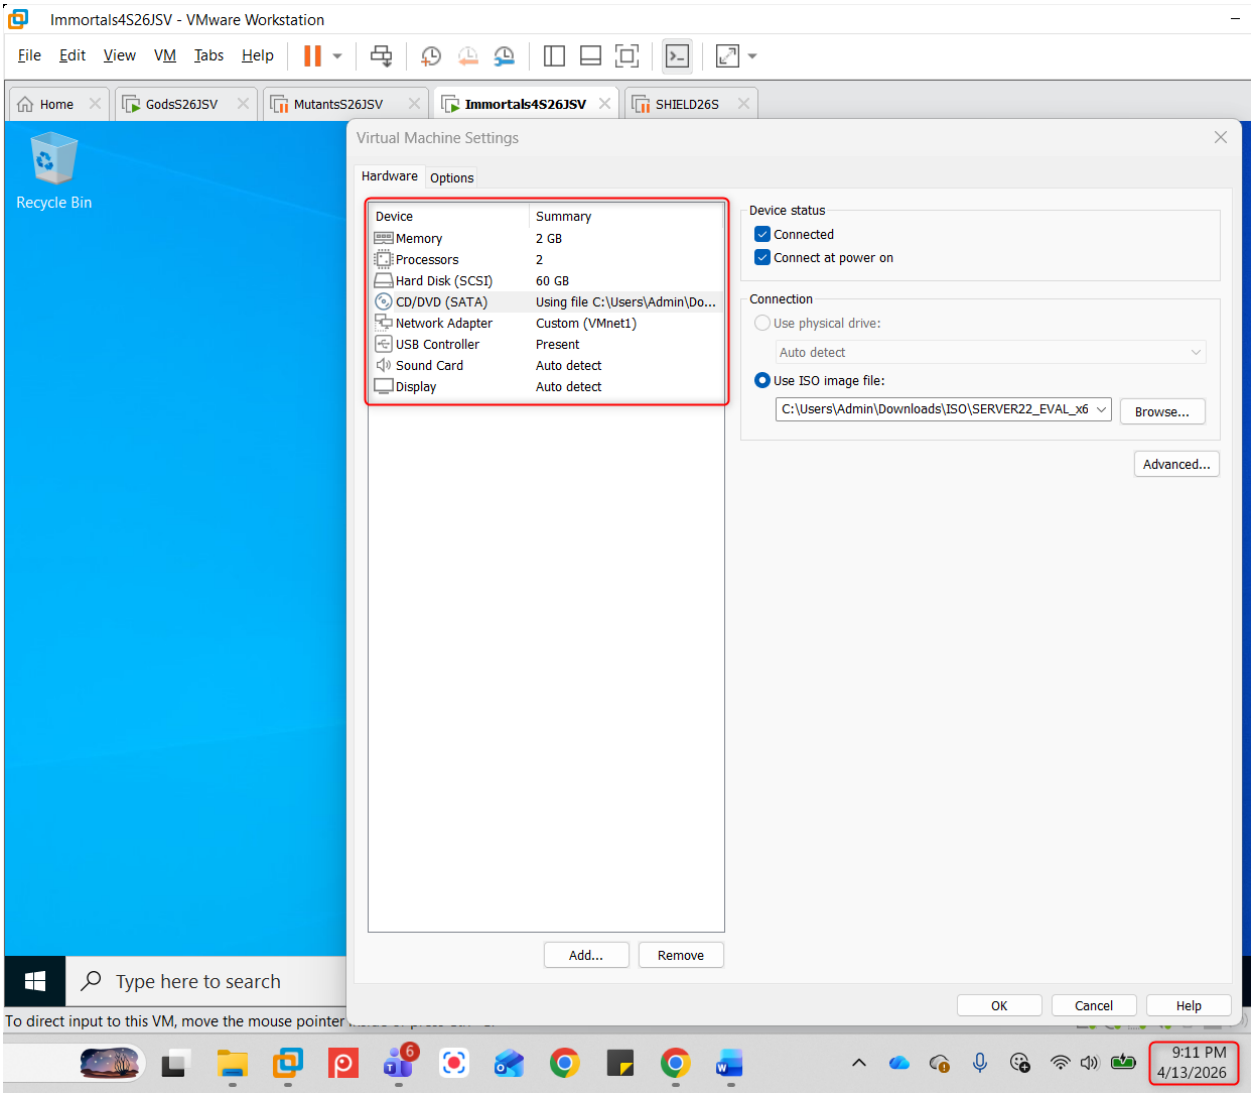
Windows 10 Hardware

Screenshot of the hardware settings from Windows 10.



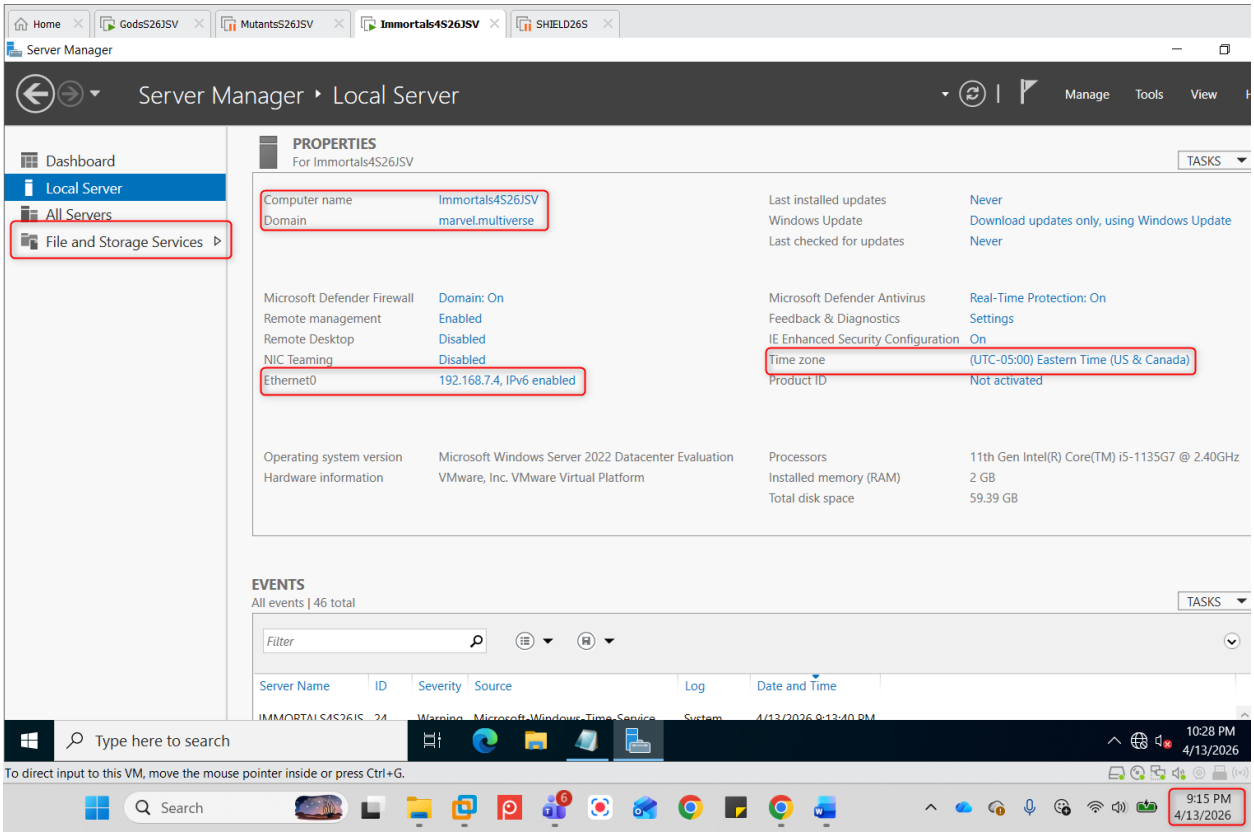
Server 3 Hardware

Screenshot of the VMware hardware settings from Server 3.



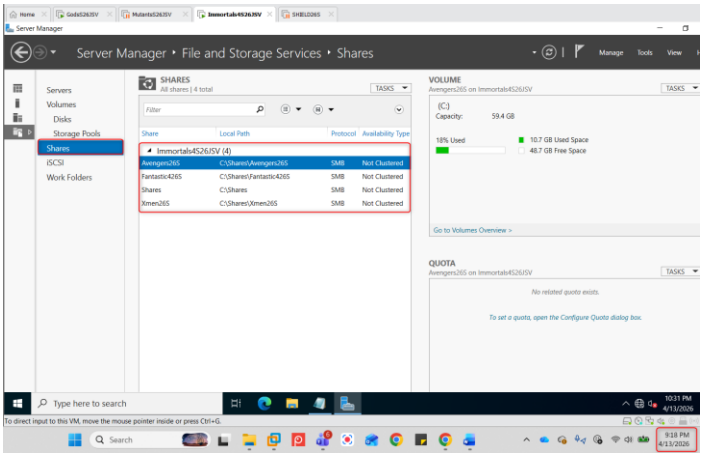
Server 3 Configuration

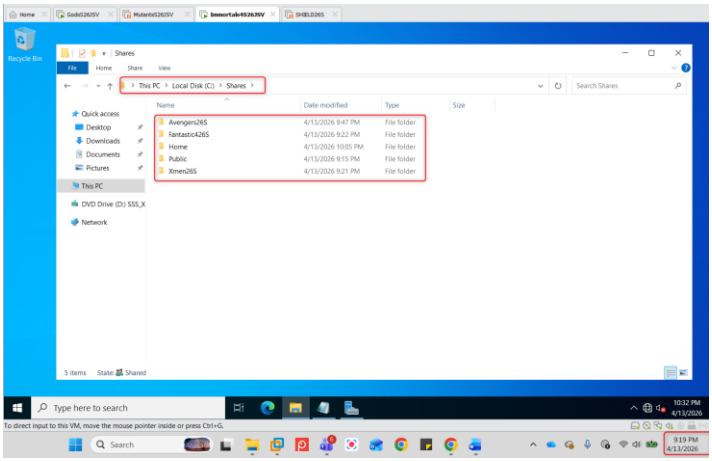
Screenshot of the Local Server screen from Server 3.

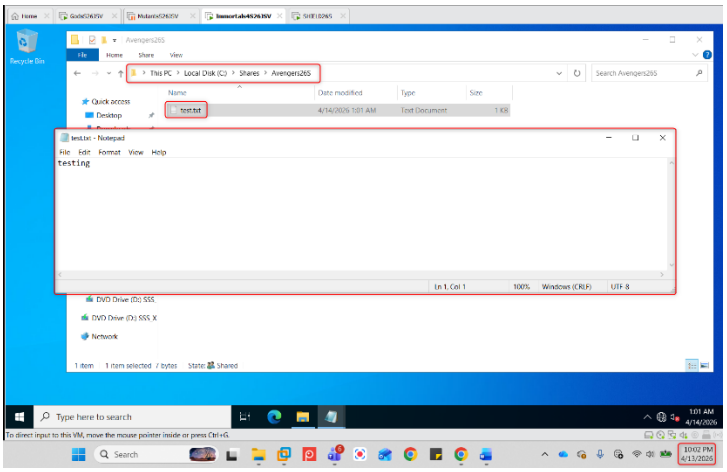


Shared Folders Pt.1

Screenshot of the shared folders. (on file server)

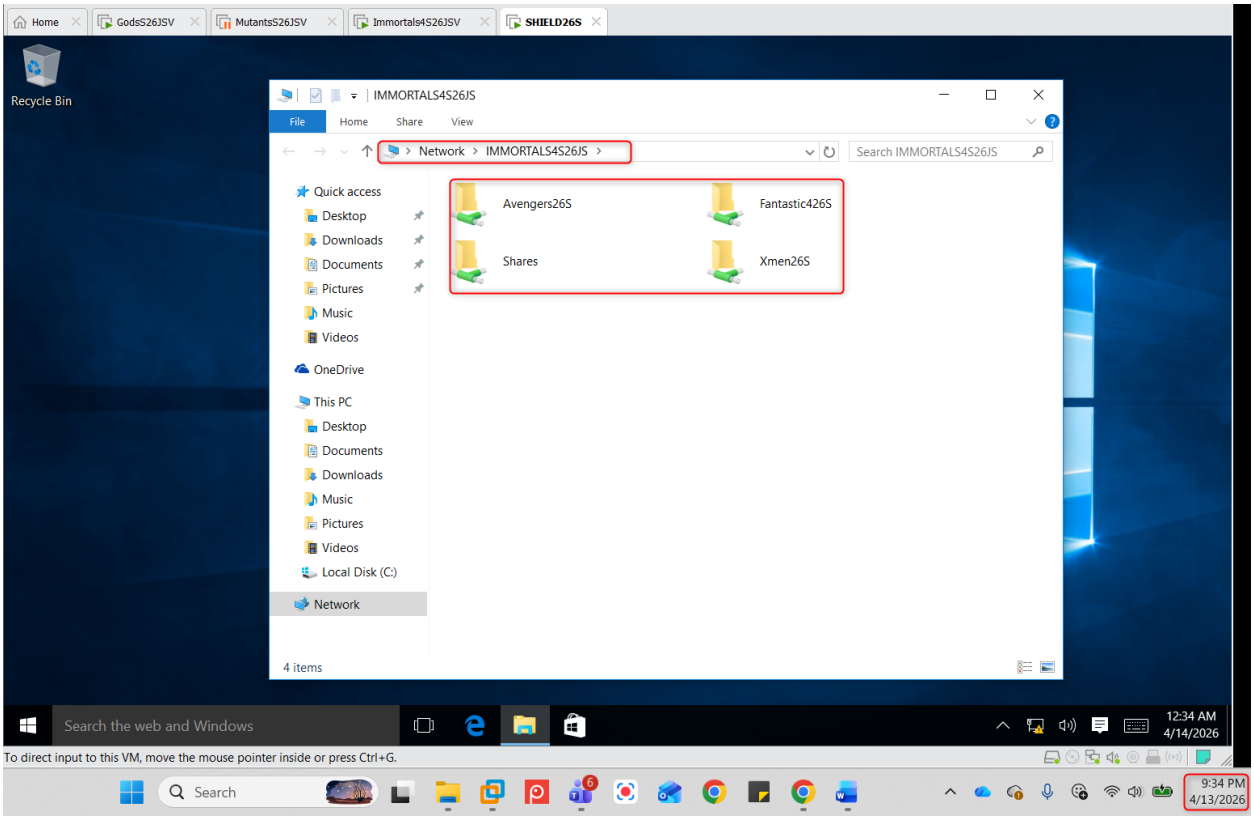


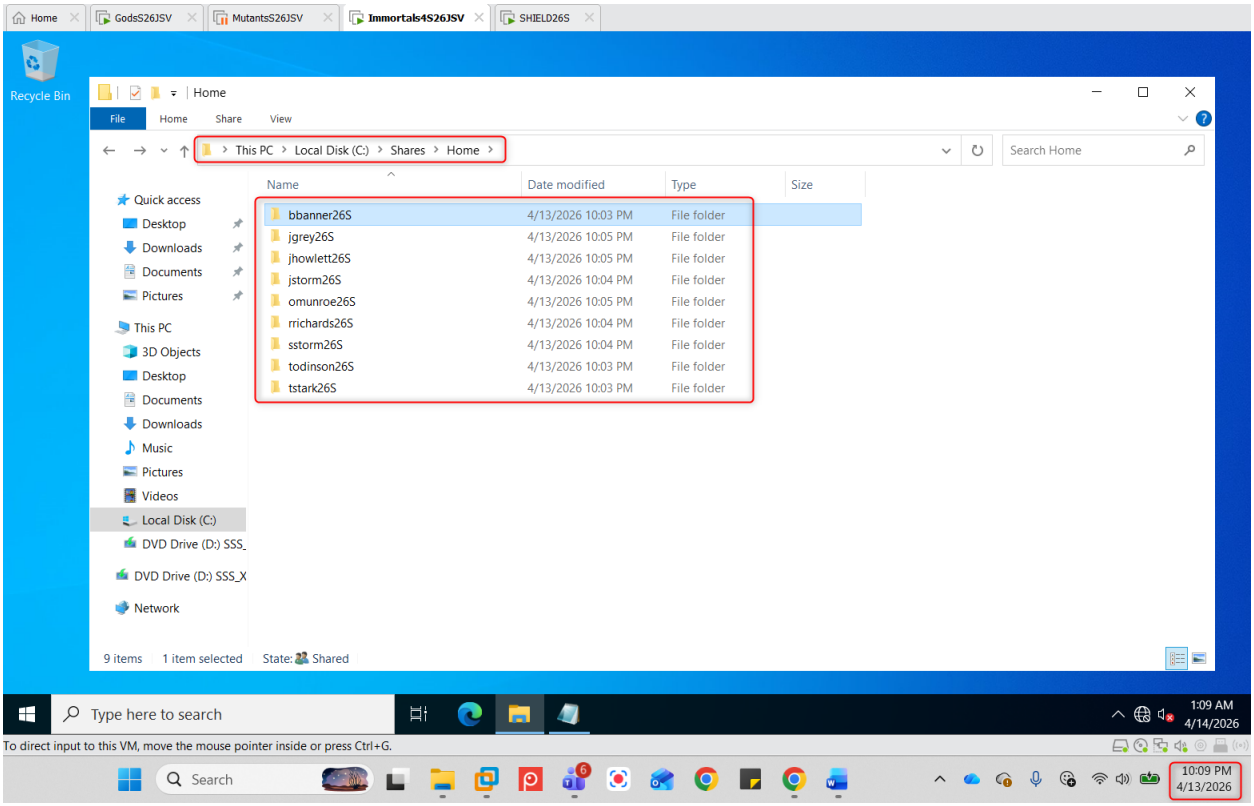




Shared Folders Pt.2

Screenshot of the shared folders. (on client machine)



Shared Folders Pt.3


Screenshot(s) showing the folder redirect for the Home folder.
